Seek Stones
Stones, not buried treasure, are sought by beachcombers along the Oregon coast. Their search is for corallian, selenite and a score of other agate varieties. Tumbled with abrasives and water in rotating drums, these stones emerge as semi-precious, glass-smooth gems.

State scholarships pay recipients \$500 a year in the amount of tuition whichever is less. Formerly \$400, this maximum was recently extended by legislative amendment. Students already in college holding state scholarship will benefit, beginning next fall, by this higher maximum.
The amendment also admitted hospital schools of nursing accredited or approved by the New Jersey Board of Nursing to the list of approved institutions scholarship holders may attend.
